Gentlemes-For over two years I have been suffering from distiguring and chronic affection of the skin, which has been a source of great annovance, and rendered me very miserable indeed. I have tried every method, including visits to a skin hospital, where I was treated as an out-door patient for three months, and many remedies, without being relieved in the slightest. Seeing one of your advertisements, I began to give the Swift's Specific a thorough trial and Middle States last Sunday did in hopes it would at least benefit my general health, if it did not cure the The recent heavy frosts have had skin disease. HOW DO WE DIG OUR GRAVES?

We must eat or we cannot live. This we all know. But do we all know that we die by eating? It is said we dig our graves with our teeth. How foolish this sounds. Yet it is fearfully true. We are terrified at the approach of the cholera and yellow fever, yet there is a disease constantly at our doors and in our houses far more dangerous and destructive. Most people have in their own stomachs a poison, more slow, but quite as fatal as the germs of those maladies which sweep men into eternity by thousands without warning in the times of great epi-demics. But it is a mercy that, if we are watchful, we can tell when we are threatened. The following are among the symptoms, yet they do not always necessarily appear in the same order, nor are they always the same in different cases. There is a dull and sleepy feeling; a bad ziste in the mouth, especially in the morning; the appetite is changeable, sometimes poor and again it seems as though the patient could not eat enough, and occasionally no appetite at all; dullness and sluggishness of the mind; no ambition to study or work; more or less headache and heaviness in the head; dizziness on rising to the feet or moving suddenly; furred and coated tongue; a sense of a load on the stomach that nothing removes; hot and dry skin at times; yellow tinge in the eyes; scanty and high-colored urine; sour taste in the mouth, frequently attended by palpitation of the heart; impaired vision, with spots that seem to be swimming in the air before the eyes; a cough, with a greenish-colored expectoration; poor nights' rest; a sticky slime about the teeth and gums; hands and feet cold and clammy; irritable temper and bowels bound up and costive. This disease has puzzled the physicians and still puzzles them. It is the commonest of ailments and yet the most complicated and mysterious. Sometimes it is treated as consumption, sometimes as liver complaint, and then again as malaria and even heart disease. But its real nature is that of constipation and dyspepsia. It arises in the digestive organs and soon affects all the others through the corrupted and poisoned blood. Often the whole body—including the nervous system-is literally starved, even when there is no emaciation to tell the sad story.

Experience has shown that there is put one remedy that can certainly cure this disease in all its stages, namely, Shaker Extract of Roots or Mother Seigel's Curative Syrup. It never fails but, nevertheless, no time should be lost in trying other socalled remedies, for they will do no good. Get this great vegetable preparation. (discovered by a venerable nurse whose name is a household word in Germany) and be sure to get the gonuine article.

GIVEN UP BY SEVEN DOCTORS. Shaker Extract of Roots or Seigel's Syrup has raised me to good health after seven doctors had given me up to die with consumption .-So writes R. F. Grace, Kirkmanville, Todd Co., Ky.

HE REARD OF IT JUST IN TIME. "I had been about given up to die with dyspepsia when I first saw the advertisement of Shaker Extract of Roots or Seigel's Syrup. After using four bottles I was able to attend to my business as well as ever. I know of several cases of chills and fever that have been cured by it." So writes Mr. Thos. Pullum, of Taylor, Geneva Co., Ala.

WORTH TEN DOLLARS A BOTTLE. Mr. Thomas P. Evans, of the firm of Evans & Bro., Merchants, Horntown, Accomack Co., Va., writes that he had been sick with digestive disorders for many years and had tried many physicians and medi-cines without benefit. He began to use Shaker Extract of Roots or Seigel's Syrup about the 1st of Jan. 1887, and was so much better in three weeks that he considered himself practically a well man. He adds: "I have at this time one bottle on hand, and if I could not get any more I would not take a ten

dollar bill for it." All druggists, or Address A. J. White, Limited, 54 Warren St. N. Y.
